

HISPANIC AMERICANS AND HEALTH #21

Provided with support from the

Hispanic Center of Excellence

Library Bibliography Series #58

The 2001 issue of the Hispanic Americans and Health bibliography series includes references to over 700 articles culled from searches of MEDLINE, CINAHL (nursing and allied health), and PsycINFO. The bibliography includes articles added to the databases from August 2000 through July 2001.

The bibliography is divided into broad subject areas. Each article is placed in only one category. The categories are as follows: Access to Health Care; Alcohol, Tobacco and Substance Use; AIDS/HIV; Alternative Therapies; Cancer; Child and Adolescent Health; Cultural Issues; Dental Health; Diabetes; Diet and Nutrition; Education; Genetics; Geriatric Health; Heart Disease and Hypertension; Mental Health; Sexuality and Sexually Transmitted Diseases; Statistics; Stroke; Tests and Instruments; Vision Disorders; Women's Health; Other Diseases; and Other.

Access to Health Care

Lacking health insurance, U.S. Hispanics face higher health risks. *Pan American Journal of Public Health* 2000; 7(4):275-7.
